

FOR SUCH A TIME AS THIS - "GOD SEES EVERYTHING" PAUL JOHNSON

Bad News: God sees everything

Haman plots and schemes in the shadows and manages to deceive the King

Truth: We cannot hide from the King of Kings. He sees everything!

Paul shared some stories of where he has been brought to account for his sinful behaviour.

God has seen every judgemental thought you've ever had; every website page you have looked at; every tax return you've done; every lie you've told. God sees everything.

1. Is there anything from your life, from your past or your present that no one knows about? Make a courageous decision to bring it into the light with trusted friends. God wants us to be free.

2. Eph 1:7 - Jesus has been punished in our place! Spend time thanking Jesus for His sacrifice. Let the joy of your salvation come alive again in your heart.

Good News: God sees everything

Mordecai was a man of integrity. God saw what he did in the secret place and honoured him in front of others. Many of us are making courageous choices everyday - in our workplace, family, finances, relationships, school

3. Have you ever felt overlooked in the godly choices you're making? How does the truth that God sees everything encourage you and give you fresh faith?

Spend time sharing some of the courageous choices you've made and then encourage each other for pursuing faithfulness to God

Our identity doesn't change, whether God has positioned you up the front or in hiddenness, the pay is the same.

Spend time unpacking the fast forward symbol of our discipleship language. Pray for increased revelation of your unchanging identity in Christ.
