

PRAYER CALENDAR

On each day of this monthly prayer calendar, write down the names of individuals you wish to pray for and invest in. Create two lists: one with 15 names of people who already know Jesus and another with 15 names of individuals who have yet to encounter Him. They could be friends, family members, co-workers or anyone else you feel led to pray for. Alternate the names from these two lists.

On the corresponding day with each person's name, consider reaching out to them in the morning, by text or another means, to let them know you are praying for and thinking of them, and ask them whether they have any prayer requests. Let's see what God will do with our faithfulness!
